EXECUTIVE SUMMARY

I'm a front-end developer with two years of experience building high-performance, responsive Angular applications. I'm seeking new opportunities to expand my skill set and take on exciting challenges. My projects have consistently enhanced performance and boosted user satisfaction. I actively lead projects and introduce simple, effective technical improvements

---

SKILLS

- Angular
- HTML & CSS
- JavaScript
- TypeScript
- BootStrap
- Bulma
- GitHub
- Figma & Canva
- MySQL

WORK EXPERIENCE

Front-End Developer   JAN 2024 - Present
vcidex solutions pvt ltd - Chennai

- Developed front-end architecture that improved scalability and performance of the website.
- Skilled in creating user interfaces, interactive prototypes, and design mockups using Figma.
- Proficient in using Canva for designing visually appealing graphics, social media content, and marketing materials with a focus on simplicity and creativity.
- Built a fully customized website from scratch without using online templates,resulting in a cost savings of over 25%

Front-End Developer (Angular, Beginner in C# and Database)   JUN 2023 - DEC 2023
vcidex solutions pvt ltd - Chennai

- Utilize Angular 15 to build a highly responsive and user-friendly application interface.
- As a beginner in C#, I will focus on establishing a connection between the front-end and back-end systems by creating and consuming RESTful APIs.
- Use MySQL to manage and store application data. I will write simple queries and learn how to effectively connect the MySQL database with the C# back end.
- Developed a highly responsive and user-friendly web application interface using Angular 15

PROJECT HANDLING

Business and Enterprise Solutions

- **NBFC (Non-Banking Financial Company) Platform:** Developed modules for employee onboarding and risk management to streamline operations.
- **Finance, WOS, and HR Systems:** Designed and developed features for Finance management, WhatsApp ordering, and HR modules.

Web Development Projects

- Developed and delivered websites for various domains, including company and product sites (VCIDEX), tours and travel, real estate, and Financial Services.
